📍 **Sofia, Bulgaria**

SUMMARY

- As a current student at the Technical University of Sofia, I am focused on mastering my front-end skills while continuously expanding my knowledge. With my eyes set on the future, I am actively seeking an intern position to further enhance my skills and gain practical experience in the field.
- I possess a strong set of skills, including mainly JavaScript/HTML/CSS and in the near future React, as well as competence in C and Python, knowledge of memory management, OOP, algorithms, and a logical thinking approach.
- With a determined mindset, I am committed to continuously learning and adapting to new technologies. I am confident that my skills and determination will enable me to succeed and make a valuable contribution to any project or team.

PROJECTS

Portfolio

Currently in development

🔗 https://svetlioo.github.io/Portfolio/

My portfolio website showcases my skills in vanilla JavaScript, HTML, and CSS, presenting a clean design and a collection of showcased projects, each accompanied by a Youtube demo. Explore my expertise, learn about my background, and discover how I can contribute to your company's growth and success.

Car Acceleration Website

Currently in development

🔗 https://svetlioo.github.io/AccelerationWebsite/

Within this project, I've developed a dynamic website that enables users to compare car performance. Explore the selection of cars and analyze their acceleration in 0-100, 100-200, and quarter-mile sprints, showcasing my technical prowess and meticulous attention to detail.

TRAINING / COURSES (UDEMY)

React - The Complete Guide (incl Hooks, React Router, Redux)
